Luke 24:13-35

November 9, 2025

Luke 24:13-35 (ESV): “That very day two of them were going to a village named Emmaus, about seven miles from Jerusalem, 14 and they were talking with each other about all these things that had happened.

15 While they were talking and discussing together, Jesus himself drew near and went with them. 16 But their eyes were kept from recognizing him. 17 And he said to them, ‘What is this conversation that you are holding with each other as you walk?’...”

“...And they stood still, looking sad. 18 Then one of them, named Cleopas, answered him, ‘Are you the only visitor to Jerusalem who does not know the things that have happened there in these days?’ 19 And he said to them, ‘What things?’ And they said to him, ‘Concerning Jesus of Nazareth, a man who was a prophet mighty in deed and word before God and all the people, 20 and how our chief priests and rulers delivered him up to be condemned to death, and crucified him....”

“...21 But we had hoped that he was the one to redeem Israel. Yes, and besides all this, it is now the third day since these things happened. 22 Moreover, some women of our company amazed us. They were at the tomb early in the morning, 23 and when they did not find his body, they came back saying that they had even seen a vision of angels, who said that he was alive....”

“...24 Some of those who were with us went to the tomb and found it just as the women had said, but him they did not see.’ 25 And he said to them, ‘O foolish ones, and slow of heart to believe all that the prophets have spoken! 26 Was it not necessary that the Christ should suffer these things and enter into his glory?’ 27 And beginning with Moses and all the Prophets, he interpreted to them in all the Scriptures the things concerning himself....”

“...28 So they drew near to the village to which they were going. He acted as if he were going farther, 29 but they urged him strongly, saying, ‘Stay with us, for it is toward evening and the day is now far spent.’ So he went in to stay with them. 30 When he was at table with them, he took the bread and blessed and broke it and gave it to them. 31 And their eyes were opened, and they recognized him. And he vanished from their sight....”

“...32 They said to each other, ‘Did not our hearts burn within us while he talked to us on the road, while he opened to us the Scriptures?’ 33 And they rose that same hour and returned to Jerusalem. And they found the eleven and those who were with them gathered together, 34 saying, ‘The Lord has risen indeed, and has appeared to Simon!’ 35 Then they told what had happened on the road, and how he was known to them in the breaking of the bread.”

A dramatic image of a piano being consumed by fire. The piano is dark, and the flames are bright orange and yellow, rising from the keyboard and sides. The background is dark and smoky.

Isaiah 53:5 (ESV): “He was pierced for our transgressions; he was crushed for our iniquities; upon him was the chastisement that brought us peace, and with his wounds we are healed.”

Luke 9:16 (ESV): “And taking the five loaves and the two fish, he looked up to heaven and said a blessing over them. Then he broke the loaves and gave them to the disciples to set before the crowd.”

A black piano is shown from a front-three-quarter view, completely engulfed in intense orange and yellow flames. The fire is thick and billowing, particularly around the top and sides of the instrument. The background is dark, making the bright fire stand out. The piano's keys are visible through the lower part of the flames.

Feel^{the} Burn

“I want to build a clock that ticks once a year. The century hand advances once 100 years, and the cuckoo comes out on the millennium. I want the cuckoo to come out every millennium for the next 10,000 years.”

Feel the Burn

**“[It’s] an immense mechanical monument,
installed in a mountain, designed to keep
accurate time for the next ten millennia. The
10,000-year clock is hundreds of feet tall,
engineered to require minimal maintenance,
and powered by mechanical energy harvested
from sunlight.”**

Feel_{the} Burn

“Civilization is revving itself into a pathologically short attention span. The trend might be coming from the acceleration of technology, the short-horizon perspective of market-driven economics, the next-election perspective of democracies, or the distractions of personal multi-tasking. All are on the increase. Some sort of balancing corrective to the short-sightedness is needed — some mechanism or myth which encourages the long view and the taking of long-term responsibility, where ‘long-term’ is measured at least in centuries.”

Feel_{the} Burn

“The 10,000-year clock is entirely mechanical, made of long-lasting materials, including titanium, ceramics, quartz, sapphire, and 316 stainless steel. Even the most accurate mechanical clocks eventually drift off of the correct time, so the clock synchronizes with the noontime sun. The clock counts oscillations of the pendulum for day to day time, sunlight falling on the solar synchronizer to account for long-term drift, and a precomputed correction to solar time to accommodate for the orbital and rotational changes of Earth.”
